Government To Repair Roads

Work To Be Under Supervision of The Local Automobile Association

We are informed that, as a result of action taken by the Crows' Nest Pass Automobile Association in sending a delegate to Edmonton to interview the Minister of Public Works on the disgraceful state of the roads through this district, the Department has consented to start a small local gang on the roads immediately. This work will be under the supervision of the Automobile Association and will continue all summer.

The Association recently decided to affiliate with the Provincial Motor League, and an active campaign is to be carried out this year that will be of interest to all motorists. It therefore behoves every person owning an automobile to join the Association and help boost the good work along.

A meeting of the Association will be held shortly at Coleman.

Daring Burglary in Coleman

Proprietor of Coleman Hotel is

Victim of Amateur Bill Sykes

The genial proprietor of the Coleman hotel awoke on Saturday morning last, in anything but a genial frame of mind, to the discovery that an unbidden guest, in the form of an unknown financial genius, with an absolute disregard of the criminal code, had forced an entrance through the dining room window during the wee small hours and invaded the cash register to the tune of some twenty odd 'bucks.'

That the perpetrator of the outrage possessed the colossal nerve of an auto salesman is evinced by the fact that after forcing an entrance he coolly turned out the lights, with one exception, and removed the register to a point of vantage that screened his operations from the observation of a passing passer-by, leaving a degree of safety.

The drawer of the register containing the currency, proving to be a conscientious objector, our embryo Jimmie Valentine proved himself equal to the emergency by smashing in the marble top, and showing a decided lack of consideration for the appearance of the apparatus, or for the sensitive perception of his host, who was entertaining him unaware.

Careful visitors, desiring to make a touch, are now requested to interview the proprietor personally, as it is the intention of the management in future to drain the

NOTICE

Notice is hereby given that Joseph Cantalini, of Bellevue, in the Province of Alberta, intends to apply for a license to operate a pool room at Coleman Lot 1, in Block 6, Main Street, Bellevue. The application has been approved by W. J. Cole, chairman of school trustees, Bellevue.

JOSEPH CANTALINI,
Applicant.

NOTICE

Notice is hereby given that Michel Rose, of Blairmore, in the Province of Alberta, intends to apply for a license to operate a pool room at Victoria Street, Blairmore. The application has been approved by W. A. Bell, mayor.

MICHEL ROSE,
Applicant.

War and Food No. 14—BUTTER

Canada's butter exports have been on the downward grade for a number of years and while in 1906 her total exports amounted to \$3,888,074 pounds, in 1914 they had dropped to \$993,100 pounds.

On the other hand, Britain's normal imports of butter amount to about 793,264 pounds and her shortsightedness to the war is 209,487,784 pounds.

As much butter as possible should be made on the farms of Canada. Every farm which has a cow can make butter and if the output were increased hundredfold it would still be sold.

Butter is one of the most profitable sources of income on the farm and it is one which the farmer's wife is particularly interested. A cow produces more than enough milk to be made in Canada churned right on the farms. The trouble is that in many cases there is a lack of proper equipment which makes butter making difficult and even to the standard of creamy butter and therefore does not fetch as good a price. The creamy butter we are getting today is freedom-saved prices—decent labor conditions, all will go unless we smash the power of Prussian militarism.—London Daily Express.

Spend or Die!

The Price Which We Are Paying to Save Our Country

In the house of commons, Mr. Bonar Law moved a vote of credit for £600,000,000. That is more. Mr. Hopkinson, "is a bit of money." It is so much that the ordinary man, used to counting the change of a sixpence, can hardly realize what it means. This gigantic sum is required to meet a war expenditure of nearly seven millions. This is the price which we are paying to save our country and our far-flung colonies, who can call it off road and break with your fingers. It is past time that why Prussia's is so popular. It does really cure quickly—that's why you should take a quarter to the nose every day and get a bottle of Putnam's Extractor.

PUTNAM'S FINE FOR CORNS THAT ACHE

Even a drop or two of Putnam's Extractor takes the sting out of a sore corn. Mighty slick work Putnam's shivels the corns up quickly, transforms it to a bunch of dead skin, loosens it from the toe so you can pull it off road and break with your fingers. It is past time that why Prussia's is so popular. It does really cure quickly—that's why you should take a quarter to the nose every day and get a bottle of Putnam's Extractor.

Germany and the Baltic

Germany Would Try to Change International Status of the Baltic

If the German coast line is pushed northward to the Gulf of Riga or beyond, the international status in the Baltic would be greatly affected, but whether Germany could close "the Northern Dardanelles" is doubtful enough. She would have to make an agreement for that purpose with the other Scandinavian countries or forcibly annex territories at the Baltic entrance. Even so, an outlet might still be left by way of Archangel or Murmansk. Also, a certain amount of traffic in non-bulky goods could afford a high freight rate might be continued by the Baltic and North Sea rail route to the north of the Gulf of Bothnia. There is no doubt, however, that if Germany could succeed in making the Baltic a mere lake a shore blow would be dealt at the most ancient of our English trades. The allies, however, have a very strong economic position as Prussia's ally, and should be effectively to counter check and such designs as these. Certainly Sweden may be expected to say a word, and Norway too, about this invasione of the Baltic into a German lake—Westminster Gazette.

They came. While The Germans' vegetable compound of which Farme's Vegetable Pills are composed, mainly dandelion and mandrake, clears the stomach and intestines of deleterious matter and restore the deranged organs to healthful action. Hence they are the best remedy for indigestion available.

A. A. Farme, M.D., established the truth of this assertion and do more to convince the ailing of anything that can be written of these pills.

Saved the Day

Determined to Hold on to the Advanced Line at All Costs

"By his prompt and decisive action and complete disregard of danger he inspired men with confidence and it is hard to bear his plucky decision and courageous determination on his part the whole of the objectives gained would have been lost," said General G. J. Smith, striking official tribute to Second Lieutenant W. H. Moberly, Oxfordshire and Bucks Light Infantry. In battle against enemy tanks all three company commanders had been killed, and the troops on both banks had failed to reach their objectives. Commanding with batallions headquarters failed, as units were unable to get through the machine gun and snipers' fire from the front and flanks. In these circumstances this officer determined to hold on to the advanced line at all costs, and by keeping his flanks safe was able to drive retreats and counter-attacks he saved the situation. Second Lieutenant Moberly has now received the D.S.O.

The Farmer's Garden

Greater Returns Than the Same Area of Ground Devoted to Ordinary Farm Crops

"It is possible," says a farming authority, "to estimate the value of the vegetables produced in a garden on the farm. It is often said that a home garden, properly tended, will produce far greater returns than any other area devoted to ordinary farm crops."

It is true that fresh vegetables form a comparatively small portion of the diet in many families, but it is equally true that there is great satisfaction to all concerned to have a good supply of vegetables available for table use during seasons when the market price of vegetables and fruits contains most of the essential salts required by the human system so they combine medicine and food. Fresh vegetables are preferable to those bought on the market for good hygienic reasons, well known to those who have to buy, or think they must.

Future Taggers Must First Get Federal Permit

Permits to hold tag days for war charities must first be obtained from the Ottawa authorities, according to the provisions of the new Dominion act. This is expected to have considerable influence with the city council who will shortly consider a by-law dealing with the control of tag days, bazaars, and other collections of a like nature in Edmonton. The dominion act is particularly applicable to the different war charity so citizens and provides that permission to tag days must be obtained from Ottawa for taking collections.

What the council have to avoid is conflicting with the dominion regulations as any by-law would be superseded by a federal act dealing with the same point. It is understood that the dominion act does not apply to church and Salvation Army tag days and collections.

The safety and health committee recommended to council that a by-law be brought down dealing with the control of tag days and other charitable collections. It is promised that when it is brought up for discussion, the provisions of the dominion act will be closely observed.

Importation of Luxuries Restricted on Big Scale

Ottawa, June 5.—Examination of the text of the order in council restricting imports shows that, in addition to items already mentioned, there are included ale, porter, lager and other beer in bottles and cans, as well as gingerale. Cheese is included. Comprised with sugar confections for which a license must now be obtained are sugar, candy and confectionery of all kinds, including sweetened gums, candied peel, pop corn, fruits and nuts.

In the list among goods now admitted free:

Digs for the improvement of stock. Bells when imported for use of churches only (licenses must also be obtained to import durable bells and song).

Cabriole of coins, collections of medals and collection of postage stamps.

Paintings in oil or water color and panels valued at not less than \$20 each; paintings and sculptures by artists domiciled in Canada, but residing temporarily abroad for purposes of study.

Works of art in bronze, casts from models made in Canada and designed by sculptors domiciled therein. (Importation of durable works of art is likewise licensed.)

Among the dutiable goods now licensed for importation are also: Baskets of all kinds, fire works, pictures and photograph frames.

Fruit now admitted free: the kinds affected by the order in council are:

Wild blueberries, wild strawberries,

wild raspberries and wild edible berries.

N.O.P. Gauya, Mangos, plantains,

pomegranates and pineapples.

Sporting goods, works of art, jewelry, toilet preparations and certain vegetables and fruit within the scope of the order—unless the order specifies otherwise.

The order provides that the manufacturer provides that the goods enumerated may be imported only on license issued by the minister of customs, on the recommendation of the trade board.

Among the fruits are included: Almonds, shelled and unshelled; unshelled Brazil nuts; shelled and unshelled Peanuts; shelled peanuts, unshelled walnuts and other unshelled nuts. Mentioned in the list are: Blackberries, gooseberries, raspberries, cherries, strawberries, cranberries, currants and grapes. In general: Peaches, plums, quinces, apricots, pears and nectarines.

In vegetables are: Sugar beets and turnips.

Candied fruits and nuts are included with sweetened breads, cakes, pies and puddings containing sugar; flavoring extracts, custard and jelly powders, lime and fruit juices.

Automobiles valued at \$1,200 and upwards f.o.b. at place of manufacture.

Paintings, photographs and prints.

Manufactures of gold and silver electroplate and sterling, manufacturers of marble.

Humorous Yankee

An American in England afford cause for much perplexity and astonishment to his English kinsmen. A Yankee soldier was being shown over an old church where hundreds of people slept between the walls, said the guide, indicating the inscription covered door with a sweep of his hand.

"Booz" said the Sammy. "Same way over in our country. Why don't you get a more interesting preacher?"

In Memory

Private James B. Dunlop, aged twenty years. Killed in the battle of Hooge on May the 29th, 1916. Son of Private and Mrs. Daniel Dunlop, of Frank.

Private John B. Dunlop, aged seventeen years. Killed in the Battle of Ypres on June 2nd, 1916. Son of Private and Mrs. Daniel Dunlop, of Frank.

"We think we see their smiling face
As they had us all good-bye,
And left their dear ones forever
In a foreign land to die.
But we have one consolation,
They bravely did their best,—
Somewhere abroad our dear ones sleep,
There no more are laid to rest.
But the world's part yet to come,
When the warbirds return to home
And we miss among the cheering crowd
The faces of our dear sons."

SCHOOL INSPECTOR'S REPORT

The following is a synopsis of the report of Inspector Torrie, following his recent inspection of the Blairstown school.

"If not already arranged for, the opening of another room should be seriously considered if there are many beginners this year."

Mr. Pearson, as principal, is doing generally good work. He is handicapped by having to spend his time and energy over so many classes and subjects, but is interested in his work and has the respect and co-operation of his pupils.

Miss Fulton is a strong, capable teacher, who has her work and classes well in hand.

Miss Keith is alert and energetic, and is handling her work in a satisfactory manner.

Miss McColl is an earnest, careful teacher. She is doing satisfactory work.

Miss Foster is capable and alert. She uses good methods and has good order, and is securing good results.

Miss Rose is interested in her work, very kind to her pupils, and in general secures good work.

Taken as a whole, the staff is doing decidedly good work."

Bellevue Happenings

Fred Chappell paid a business visit to Fernie this week.

Master Pete Maguire returned to Bellevue on Monday last.

Fred Hensen and wife were visiting here on Sunday last.

Mrs. D. Hall is spending a few days with friends in Coleman.

Mr. and Mrs. W. P. Williams visited Lethbridge during the week.

Miss Smeida Baillet came up from Pincher Creek this week to visit her parents.

Quite a number of Bellevue boys left this week for Calgary to report for military service.

J. Delicate has started construction work on the new postoffice, next to P. Burns' meat market.

Mrs. Danomore went to Calgary this week on business in connection with her proposed restaurant here.

W. Randall, who met with a rather serious accident last week, has been moved from the hospital to his home and is doing as well as can be expected.

Canada's Registration

Its Purpose and Application

CANADA faces the gravest crisis in her history. Four years of war have taken from the Dominion a heavy toll in talent and labor, yet despite the shortage of man power, our Allies still depend on Canada to maintain her own fighting forces at full strength and to increase her exports of food and war materials, so vital to them, and to the successful prosecution of the war.

Every owner by which Canada can increase her food production and every ounce Canada can save in her food consumption is needed for export to the Allies.

Should the war continue for another year, food cards and a rationing system may have to be instituted. It is the duty of Canada to be prepared for whatever situation circumstances may force upon her.

It is quite probable that before the war is won our Government may have to place restrictions upon the occupations in which men and women may engage. In such an event the Government wishes to be in a position to render all possible assistance in keeping our population usefully and profitably employed.

Registration Day, June 22nd

These conditions point to the necessity of Canada knowing the exact capabilities of her men and women at home.

All persons residing in Canada, male or female, British or alien of 16 years and over, will be required to register on June 22nd and truthfully answer the questions set forth upon the registration card.

It is not the Government's intention to conscript labour in any form, but to assist in directing it wisely.

Issued by authority of

Canada Registration Board

A Real Bargain !

Suitable to be moved. Hotel building in first class condition, two stories and basement, eighty feet long, sixty feet wide, including twelve hundred feet of radiation, fifteen hundred feet of piping, eighty feet of sewage pipe, two bath rooms complete, two toilets, four closets, four plate glass 7 by 7 feet, bath rooms, closets, toilets bran new, never used. Building suitable to be moved any place, located in now extinct mining town, will sell cheap for cash. For further particulars see Lebridge Brewing and Malting Co., Ltd.

Blairstown Lodge, No. 68, meets in their Hall, Victoria St., every Tuesday at 8 o'clock. All are welcome.

W. RANDALL, Sec. G. W. O'DENDALE, R.S.

CROWS' NEST ENGAGEMENT NO. 8
Meets in the I.O.O.F. Hall every second and fourth Tuesday, following subordinate lodge meeting.

A. HAMILTON, C.P. W. J. BAILETT, R.S.

Change in Train Service
Effective June 2nd, 1918

There will be a general change in train service.

Times for trains at Blairstown will be

West Bound

No. 67 Daily 8.32 a.m.

East Bound

No. 68 Daily 9.56 p.m.

For further particulars apply to
J. E. PROCTOR,
District Passenger Agent,
Calgary, Alta.

The entertainment given by the Fornie Amateur Dramatic Club in the Coleman opera house on Wednesday proved to be everything it was said to be, and was greeted by a good house, everyone being pleased with "What happened to Jones." It is hoped that the programme will in the very near future be repeated in Blairstown.

James Hunter went to Nanton on Monday night.

Dr. J. W. Robertson, after a tour of the Eastern Provinces says, that the farmers of Eastern Canada are increasing the acreage for wheat, barley, rye, oats, peas, beans, fodder, potatoes and other roots. An increased acreage of about 2,000,000 acres is aimed at in the five Eastern Provinces.

Two men named Gauthier and Default, of Pincher Creek, were arrested by the provincial police last week for manufacturing whiskey. A complete moonshiner's outfit was seized. The offenders were brought to Lethbridge to serve three months each, after having been fined \$300 each.

Millie Rose, second son of Mr. and Mrs. Michel Rose, of Blairmore, now has the distinction of being the youngest sergeant in the Canadian Western military forces. Millie, who has not yet attained his 19th birthday, was recently promoted from corporal to full sergeant.

Every Farmer Needs a Ford

THE Motor Car is a greater convenience to the average farmer than the telephone, the rural mail or even the grain binder.

The binder which is considered as a very useful implement is rarely used more than a few days during the entire year. The rest of the time it stands idle, taking up space, while the automobile is available for use throughout all seasons, and both day and night.

It is ever ready to run down the lane to the back field or the pasture with a parcel or a message, or take you and your family to town for shopping purposes—or on an errand to the neighbors.

The motor car is called upon whenever anything is wanted in a hurry. It is the most useful implement or convenience for the farm. It helps you conserve your energies and time for productive work and enables you and your family to accomplish more with less energy. You surely feel the need of a Ford. Why not order one today?

All prices subject to war tax charge, except trucks and chassis.

Local and General

Eighteen hundred carrier pigeons flew from Sterling, Ill., to Chicago, a distance of one hundred miles, in a little over two hours in the first of a series of tests for the government.

Simon John Clarke, superintendent of the national park at Banff, and one of the original settlers of what is now Calgary, died Saturday afternoon last at Rochester, Minn., where he was operated on a week before for internal disorders.

Bulletin No. 2, recently issued by the superintendent of the Soldiers of the Soil, Alberta Division, announces that twenty-five thousand or more older boys, from fifteen to nineteen years, are now enlisted and organized, under the direction of the Canada Food Board, to go out to the farms to do their part in the campaign for greater production, and emphasizes that either farmers or boys who have enrolled and who make arrangements of their own, should notify the provincial superintendent, A. J. Marks, at 427 Tegler Building, Edmonton, at once. A great deal of confusion has been caused by failure to do so in the past, and it is desired to obviate this as far as possible. In several instances boys have been sent to farmers, only to find on arrival that help had already been obtained, and numerous boys, when allotted, have written in to say that they had already obtained employment.

The food controller declares that brains are offal, and there is evidence that this opinion is shared by other government departments.—Lady's Pictorial.

He came into a New York registration booth. His name was Patrck. And he had had at least several fingers.

"I want to register."

"How old are you?"

"Thirty-four."

"You can't register."

"That's that?"

"You're too old—you can't fight."

"The hell I can't fight."

And like a flash he peeled off his coat, licked every registrar, and wiped the place out. And then new cops came in.—An Eye-witness.

Advertising in the Enterprise brings prompt results. A few weeks ago we advertised for a lost pair of ladies' spectacles. The spectacle were no doubt picked up by a Chinaman in town, who is the only person not receiving the Enterprise, and because of the fact that he cannot read English or has heard nothing of the owner, he has disposed of the ornament to a junk dealer and invested the returns in opium or other dope. But last week Mrs. Chappell advertised for a girl to do general housework, and exactly sixteen minutes after her paper appeared on the streets, Miss Chappell was approached by an applicant who immediately signed on. If you want anything from a low-down husband to a heavenly planet, you must advertise.

Dick and Lynch Stanton, of Pincher Creek, were in town on Tuesday of this week.

Capt. Hunt has been transferred from Frank to Edmonton, and Lieut. Park is now O.C. at the Frank Military Hospital.

LOST—On Lee Flat, near Burns, a tan leather,lundbag, containing blueprints and documents. Finder will please leave the same at the Enterprise.

Permission has been granted the local school trustees to collect tax for educational purposes from all wage earners over twenty years of age, who are not already direct taxpayers in the district. By this means considerable revenue will be forthcoming that will greatly reduce the mill rate on property for the year.

Under the auspices of the Winona society a dance was held in Sullivan's dancing academy Thursday night, which was well attended. The dance was given with a view to raising money to purchase wool for knitting soldiers' socks, and the result was quite gratifying. A pleasing feature of the evening was the dancing of the highland fling by Mr. McMillan of Cowley, Alberta, and his daughter, Mrs. Yvonne of Edmonton.—Edmonton Journal.

Distant Relation

During the course of a trial in Chicago a witness, Mrs. Francis Doyley, was asked concerning the defendant: "Are you related to Thomas Doyley?" "Very distantly," said Francis. "I was in my mother's first child—Thomas was the tenth!"

Making the Forest Fireproof

Several forest fires have already occurred in various parts of Canada this year. In practically every case the cause was traced to human hands—a tossed-away cigarette, a neglected campfire, or similar act that at the moment appeared trifling. Settlers, anxious to burn their "slash" in the hottest weather without obeying Government regulations are a prolific cause of forest fire every year.

The ranger of this province are asking the co-operation of every man, woman and child this year so as to keep the forest fires down to a minimum as a matter of decent patriotism. Special efforts are being made to provide fire fighting equipment but the main task is to prevent fires from starting. This is a comparatively simple matter if every camper puts out his campfire, every smoker extinguishes his cigarette and matches before tossing away, every settler guards his clearing fire. When a bush fire is seen, instant word should be sent to the nearest fire ranger, railroad agent or municipal officer.

Muffle The Sneeze!

The sneeze converts a person into a human atomizer, expelling millions of germs.

If afflicted with cold, grip or pneumonia, it vigorously spreads his disease wherever he sneezes.

His cough also needs a muffer, for the lack of which we have so much consumption.

It's against the law to open the cut-out of your auto, which can only create a nuisance, it ought to be unlawful to open the cut-out on your head and spread disease.

Mr. and Mrs. T. J. Murphy, of the C.P.R. local yard staff, is being transferred to Shunavon, Saskatchewan:

LADIES WANTED TO DO PLAIN AND LIGHT sewing at home. Whole or spare time. Charges paid. Send stamp for particulars. National Manufacturing Co., Montreal.

Shells of Long Range Gun

Weights 200 Pounds and Less Than Twenty Pounds of Explosives

The calibre of the shells that are fired in Paris by the German long-range guns is .609 inches and the length of the shell is twenty inches. L'Homme Libre, Premier Clemenceau's newspaper, states, "The shell weights 200 pounds and contains less than twenty pounds of explosives."

These facts are accessed as an explanation of two explosions which on occasions have followed in quick succession, and which lead to the belief that two guns were firing.

Sea Control Means Victory

Command of the Sea Upon Which the Existence of the British Empire Depends

Germany has raised about her ring of implacable enemies upon the sea, whose strength continues to increase, and who are pledged utterly to the German High-power. Give them time enough and they will certainly do it! Now the position of Germany is that she won the war and she will still be beaten at sea. And so arrived the tide of sea, of what use would be her territorial gains? They would be valuable, but they would not serve to restrain the use of the sea upon which depends her ability to live.

The rules of Germany suffer under no illusions on the subject. Their sons the German people should learn the true lesson.

They are compelled to exaggerate the losses inflicted by submarine warfare, the exaggeration in one occasion being a gross error.

But far as this country is concerned, it is our part, first and last, to regain and to maintain that commanding sea power which is the existence of the British empire, which is only now disputed by the pirate submarine, and for which no sacrifice can be refused.—London Morning Post.

Destress Asthma. Even a little speck too small to see will lead to asthma which can be cured. The walls of the breathing tubes contract and it seems as if the very life must pass. From this condition Dr. Kellogg's Asthma Remedy brings the use to perfect relief. Health, relieves the passages and normal breathing is firmly established again. Hundreds of testimonials received annually prove its effectiveness.

Thinning Them Out

Estimate German Losses in War Date at 500,000

German writers estimate the grand total of German killed and prisoners add those dying of illness and wounds and casualties in colonial and naval fighting at 50,000,000.

Karl Bitterer, the German military writer, declared in *Neue Europa*, German losses on the west front between August, 1914, and August, 1917, totalled 2,604,296. On the east front he said the Germans killed and prisoners were 1,848,550.

German writers estimate the German losses between August, 1917, and January, 1918, as 367,450 killed and taken prisoner "on both fronts."

New Law Enforced

Several restaurant men who have either wilfully or carelessly ignored the prohibition passed by the Canada food board covering the conservation of food stuffs in public eating places have been heavily fined.

Rodpath's Granulated Sugar, \$6.50 Per Cwt.

Men wanted to shirk all other taxes and cities by large grocery corporations (capital \$10,000,000) to show samples for factory prices to families. For example, Red Star best granulated sugar, \$6.10 per cwt. Soap for 25c, pure lard, 3 pound pail for 10c, bacon, 25c, etc., etc. Everything at very low prices. \$100 profit to the agent on every \$100 sale. One man can do it in two hours. No experience necessary. Write to THE CONSUMERS' ASSOCIATION, Winona, Ontario.

Dependent

"So you want to get exempted. Have you anyone dependent on you?" "Oh, yes, siah, siah, siah. My wife, she depends on me, siah, to wash her wash, siah, siah."

Baltimore-American

An Oil for All Men.—The sailor, the soldier, the fisherman, the lumberman, the out-door laborer and all who are exposed to the elements will find in Dr. Thomas' Imperial Oil a true and faithful friend. To ease pain, relieve cold, dress wounds, subdue hunger, etc., etc., etc., nothing is equal.

Therefore, it should have a place in all home medicines and no sacrifice can be refused.—London Morning Post.

Free Trees for Prairie Farmers

The Dominion government is supplying 7,000,000 trees and cuttings for the use of prairie farmers for planting to be used as windbreaks. Any farmer that will prepare the ground for planting them can obtain trees. Many farmers have planted successfully a good windbreak on a prairie farm in connection with the buildings, it is the best investment they have made. Total cost \$300 to \$500 to be added to the value of the farm by a very moderate expense in this way.

Ash for Minard's and Take no Other.

Already Gifted

Old Farmer Horwitz always would spring surprises on the village, and one day he brought a barometer. When it was taken up to one of the village "duds" and explained: "I bought that barometer to tell when it's going to rain, ye see." "What's the 'dud' in surprise. "Why I never heard of such extravagance!" What d'ye suppose the good Lord gave you for rheumatism?"

Poultry in British Columbia

The following statistics on poultry were obtained from the Circular Bulletin No. 1611, issued by the statistics branch, department of agriculture, British Columbia. These are to June 30, 1917. Head 500,000; chick 735,446; geese 252,529; duck 16,368; turkeys, 7,632. Total 1,363,000. In 1916 the total was 839,000.

French Miscalculation

Cannot Estimate the Tenacity of the French or British Soldiers

It can be here stated that those torn hosts, our allies, have accomplished the greatest feat of world's history. They have stopped a German drive which seemed invincible. The Germans allowed 30 per cent., it is said, for men to be killed, sold them in default of obedience, the board itself may step in and seize the goods and sell them.

Most people in this country believe that there is still war existing and that people on whom the world depends are in danger of starvation. Some few apparently do not. This new law will do much to teach them.

The Last Quarter of an Hour*

A Tenacy That Rises Above Every Depression and Returns Blow for Blow

The one phrase of the war, the words that best sum up our battle and our task, the words to save us from both elation and despair, fell recently from the lips of Premier Clemenceau: "We shall win the war in the last quarter of an hour," he said.

There is no easy victory in this picture. It looks to a desperate battle for the loss of one entire battle line, of advances and retreats, of bright mornings and dark nights, days and weeks of yieldings, strategic gains and local disasters. It looks as well as an unwilling will, a tenacity that

knows no rest, that rises above every depression and returns blow for blow until, in the last round, faltered, grasping, we still sit and win.

The phrase is good medicine for cast opinions and easy pessimists alike. Wait for the last quarter of an hour. In the meantime, fight, fight, fight!—New York Tribune.

The cheapness of Mother Graves' Worm Exterminator puts it within reach of all, and it can be got at any druggist's.

Kindness

Private Simpkins had returned from the front, to find that his girl friend had been walking out with another young man. Naturally asked her to explain her frequent promenades in the town with the gentleman.

"Well, dear," she replied, "we only wanted to have fun. He has taken me down every day to the bar to see if you were killed."

Keep Minard's Liniment in the House.

It is believed that nearly 30 per cent. of Canada is still undiscovered, and if Indian reports are to be believed, there is still a vast area of the Mackenzie river, one of the largest areas of oil bearing country on the face of the earth. The Indians report an oil field in Yukon that no white man has ever seen, while even the Indians apparently know nothing of the yet untraversed Mackenzie mountains.

A Discouraging Query

A pretty girl at an evening party was bantering a genial bachelor on his reasons for remaining single.

"Well, dear," she replied, "you are only human, I suppose. He has taken me down every day to the bar to see if you were killed."

My courage to the proposing point.

"Let's get on with it," he said.

"What was he like?"

"He was tall, thin, and had a fine head of hair."

"What was he like?"

"He was tall, thin, and had a fine head of hair."

"What was he like?"

"He was tall, thin, and had a fine head of hair."

"What was he like?"

"He was tall, thin, and had a fine head of hair."

"What was he like?"

OF LOCAL AND GENERAL INTEREST

Watch for the eclipse of the sun

tomorrow, Saturday.

About ten auto loads of local
people attended the play given in
the Coleman opera house on Wed-
nesday night by the Fernie Dramatic Club.

Bob Edwards, of the Calgary
Opener, doffed his hat to a
number of empty booze bottles at
Banff last week and remarked
"Requiescat in Peace!"

Blairmore Red Cross Society de-
sires to thank V. Zol and Pass
Laqua for the sum of \$5.00, being
proceeds of a dance held at Frank
on Monday night by the Italians of
Blairmore.

Mr. J. D. McGregor, Director of
Labor, Canada Food Board, esti-
mates that the three Prairie Pro-
vinces of Canada will have sown
an increase of 2,000,000 acres in
wheat, oats and barley.

An incident which occurred on
Wednesday night just west of
Blairmore reminded us of the old
game "The Stage-Coach Turned
Over." The Crown's Nest Pass
stage took a much needed rest by
the roadside.

High water in the Old Man
River at Macleod is reported to
have taken out two beats of the C.
P.R. bridge there. The running
of light trains over the bridge,
however, is still permissible. It is
understood that the company will
build a new steel bridge at that
point this year to take care of the
heavy traffic.

The rooms of the local school
will be utilized on Registration
Day as booths, and Principal Pearson
and Misses Fulton, McColm,
Roofe and Keith, and Mr. J. A.
McDonald will be employed as
deputy registrars, with Misses Ola
McLaren, Nellie McVey, Grace
Robbins, Grace Comfort, Ruth
Walsh and Margaret Buck as
assistants.

Housekeepers who are anxious
about their preserves for next winter
may take comfort. The Food
Board announces that there will be
sufficient sugar in the country for
the preserving and canning season
and that the maximum fruit and
vegetable crops that can be pro-
duced in this country will be taken
care of, so far as the sugar supply
is concerned. To make sure of
this, however, strict conservation
will be necessary in the meantime.

Rev. J. E. Hughson, former pas-
tor of McDougall church, Edmon-
ton, sends a letter from England
which is of peculiar interest at the
present juncture. The spirit of
the people, he declares, is beyond
all praise. They will fight a hun-
dred years before they give in to
Germany. "The women are won-
derful," Mr. Hughson goes on. "I
had lunch with a lady of title and
her talented nieces, and from 6
o'clock this morning this cultured
girl had been attending to the farm
horses and the stock, as her daily
task, and her aunt was managing
the farm of four hundred acres
while her husband was serving the
state. Only three men were left
on the farm, one of them had just
been called up, and another was
coming to military age. Women
were taking the places of men, and
tackling the hardest and most un-
pleasant tasks. That evening the
lady of title served behind the
counter at the Y.M.C.A. canteen.
This is the new spirit of England.
It cannot be conquered by Ger-
man thrusts or mystery guns."

Testimony from such a source is
most welcome. Sometimes we see
things in print which makes us
ask: "Stands England where she
did?" But it is not long before we
have our faith restored.

"Jack" Colvin and James A.
Black, of Vancouver, were in town
this week.

During the rainstorm on Wed-
nesday morning the mountain tops
in this vicinity were reflecting the
farmers' smiles.

Albert Olsen has been ordered by
the doctors to look for a change of
climate, and has gone to Vancouver,
where he will remain for a while.

FOR SALE—Pure-Bred Bull-
Terrier Puppies, white, \$5.00 each.
Apply to M. Bruce, Cowley.

Calgary has sold \$2,300,000 ten-
year seven-per-cent treasury bills
to eastern financial concerns, at a
price of \$97.09 per \$100.00.

Rev. W. T. Young returned this
morning from Edmonton, where he
had been attending the annual
Methodist conference.

Few people have yet grasped the
fundamental fact that Great Brit-
ain still relies on the United
States and Canada for 95% of her
essential food stuffs.

The Salvation Army's campaign
for a war fund of \$1,000,000 has
gone "over the top" with a total of
\$2,257,531. New York City, asked
to give \$150,000, subcribed \$255,
000.

"Bill" Tuttle, formerly of Mac-
lead, and one time one of the most
enthusiastic boxing roosters and
boozie dispensers in Southern Al-
berta, is now out sizing up B.C. for
a location for a quiet life.

When the whole nation is being
asked to reduce food consumption
in the interest of our armies
abroad, it is the duty of the army
at home to set the whole nation an
example of determination.

Now there's going to be some-
thing doing! A gentleman, who
has been following the teaching
profession for a "great" number of
years, was seen selecting crockery
and cooking utensils on Saturday
last. A friend of ours says "the
worst is yet to come."

Seth Woolbury was a tight-fisted
old farmer. When his brother
William died it was said that Seth
had even grudged the money for
proper medical care. Seth hitched
up and drove to town to have a
notice of his brother's death in-
serted in the local paper.

"There ain't no charge, be there?"
he asked anxiously.

"Oh, yes, indeed," answered the
editor; "our rate is a dollar an
inch."

"Cracky!" muttered the old man;

"'Bull six foot tyro!'"

From Bethlehem, a youthful
British Soldier writes to a friend:

"I am on guard at present, and it
is a great honor, I can tell you,
that I am guarding the birth place
and manger of our Lord. It is
wonderful, and I never thought
when I used to read about it that
one day I should stand and guard
it."

Knife—made from a French
automatic cartridge, with blade
made of piece of a French 75-car-
tridge case.

Ink Bowl—Made from sixty-
pounder (British) nose cap.

Pen Holder—Made from French
copper bullets.

Knife Supports—Made from
German rifle cartridge cases and
French bullets.

Base Plate—Made from 18-
pounder British driving band
(copper).

Top Plate—Made from cartridge
case of French 75.

Wooden Base—Made from a
building in the Souchez Valley,
where the French lost 100,000 men
killed and wounded, but took Sou-
chez and Angres, which is called the
"Valley of Death."

The above was the handiwork of
Major B. L. Neiley, of the Cana-
dian Corps headquarters in France,

Passenger rates have been in-
creased to three cents a mile down
in the States.

Great Britain is on shorter ra-
tions than at any time in the last
one hundred years.

If time were money, some of the
loafers we have heard of would
own the regional bank.

FOR SALE—Pure-Bred Bull-
Terrier Puppies, white, \$5.00 each.
Apply to M. Bruce, Cowley.

Calgary has sold \$2,300,000 ten-
year seven-per-cent treasury bills
to eastern financial concerns, at a
price of \$97.09 per \$100.00.

Rev. W. T. Young returned this
morning from Edmonton, where he
had been attending the annual
Methodist conference.

Few people have yet grasped the
fundamental fact that Great Brit-
ain still relies on the United
States and Canada for 95% of her
essential food stuffs.

The Salvation Army's campaign
for a war fund of \$1,000,000 has
gone "over the top" with a total of
\$2,257,531. New York City, asked
to give \$150,000, subcribed \$255,
000.

"Bill" Tuttle, formerly of Mac-
lead, and one time one of the most
enthusiastic boxing roosters and
boozie dispensers in Southern Al-
berta, is now out sizing up B.C. for
a location for a quiet life.

When the whole nation is being
asked to reduce food consumption
in the interest of our armies
abroad, it is the duty of the army
at home to set the whole nation an
example of determination.

Now there's going to be some-
thing doing! A gentleman, who
has been following the teaching
profession for a "great" number of
years, was seen selecting crockery
and cooking utensils on Saturday
last. A friend of ours says "the
worst is yet to come."

Seventeen hundred 19-year-old
boys registered up to Saturday of
last week in Alberta.

Nearly all conversations lists and
lot of automobile drivers are unable to
see what they are driving at.

The annual meeting of the Alberta
Motor League will be held in
Edmonton on July the 12th and
13th.

COLEMAN TOWN BAND
Music for Dancing. Any number
of players supplied. Apply to G.
Bedlington, secretary.

The school children, under in-
struction of members of the teaching
staff, are preparing a comedy
to be given in the near future at
the opera house.

Monday last, the King's birth-
day, was observed as a holiday by
the banks, schools and public offices,
but business places remained open.

German airmen attempted two
air raids on Paris on the night of
May 31st. The first was a failure,
but on the second a bomb bombs
were dropped on the capital.

PIGS—Whenever you want a
pair of little Pigs, or any number
of little pigs for that matter,
drop a line to Charles Pow-
lett, Crow's Nest Pass, Dairy
Farm, Cowley, Alberta.

Lieut.-Colonel H. A. Bell, of an
Alberta regiment, has been ap-
pointed brigadier general, succeed-
ing Brigadier General Kitchen,
who has returned to Canada on
special duty.

At a well-attended meeting of
the Lethbridge Auto Club last
week it was decided to mark the
road from Winkler to Crow's Nest
to be known as the "Red Rail-
Road," or the All-Red Route. All
danger points and railway crossings
will be marked.

Robert Smallwood has installed
an acetylene cast-iron welding outfit,
which is working satisfactorily
and commanding a good trade.
Anything now from a "cracked"
brain to a stove damper may be
welded together, and unlike many
of the matrimonial weldings is
guaranteed never to separate.

The Alberta Returned Soldiers'
Commission, under the direct
charge of Premier Stewart, has de-
cided to appoint a welcome officer,
whose duty it will be to meet re-
turning parties of soldiers at some
point outside and supply them
with all desired information as to
destination, land holdings and
pensions, and attend to their needs.

Report says that more than 2,
700 wounded and sick men
have been returned to the fighting
front and 620,000 soldiers have
been discharged from the German
army as unfit for further service.
Most of the cases of sickness in the
army are due to diseases of the
organs of digestion, presumably as
a result of the quantity and quality
of the food.

Rev. A. S. Tuttle, of McDougall
church, Edmonton, has been elec-
ted president of the Alberta Meth-
odist conference. Rev. W. A.
Smith was elected secretary. After
his installation, the new president
made a strong speech in reference
to the changing conditions facing
the church today. He declared
that the day of denominationalism
had passed and that the need of
unity is an imperative one. He
quoted many great religious lead-
ers on this point, particularly Baptists
who stand neutral on the question.
The great English Baptist,
Fosdick, was quoted as saying
that the religious sects reminded
him of a rugby game where all the
players were scrapping on the
ground while someone else was
down the field with the ball.
